Huntington Beach Police Chief Defends Murder of Suspect

by Kevin Dunn. Written and posted on September 23, 2017

This morning I watched the following video of a Huntington Beach, California police officer murdering an unarmed suspect.

Defeating the New World Order

A New World Order Hoax called "Thrive"

When I said that I "watched" the murder, that is not quite accurate, because the TV "News" stopped the video so that we could not actually see what happened at the moment when the police officer shot the suspect. Was the TV "News" just **pretending** to care about "protecting" the viewing audience from seeing the suspect getting shot, or were they doing their **REAL job** of protecting the New World Order's ENFORCERS, who happen to masquerade as police officers? If you have read my previous articles, you know my answer.

Notice how the TV "news" tries to create confusing thoughts among the viewing audience by showing us a group of people who are peacefully arguing about the shooting **before** we are even told what really happened. The TV "news" is already trying to create "doubt" about this event, while trying to protect the New World Order's enforcers. At the 1:10 mark, the reporter says "**tempers flared**" among the group of people who were arguing about the shooting. I didn't see tempers flaring. Did you? If you want to see "tempers flare", watch an old Jerry Springer show on youtube.

While the video is playing, we see the suspect laying on the ground facing the officer, who is standing over him, and they are clearly in a tussle. Then the suspect removes something from the left side of the officer's gunbelt and the officer looks toward his belt. The officer has difficulty drawing his firearm from the holster, which was on his right side. After he draws his handgun, he retreats backward from the suspect about 12 feet while pointing his gun at the suspect, who has now jumped to his feet. It is at this point that the TV "news" STOPS the video, while continuing to play the audio. WHAT happened to cause this officer, who was now about 12 feet away from the suspect, to shoot the suspect???

The TV "News" ALWAYS edits what we see and hear.

The TV "News" ALWAYS decides how they can best SERVE their New World Order controllers, by DECEIVING the viewing audience. NONE of the mainstream "news" media exists to tell us the truth. They exist to SELL us every LIE that they are told to SELL us by their New World Order controllers.

So what do you think happened that caused the officer to shoot?

Let's continue with the video. At the 1:50 mark, we have Huntington Beach Police Chief Robert Handy telling us "clearly this person attacked our police officer, and I don't think that there is any way that an officer is expected not to defend themselves".

Wow!

All we got was a sound bite from the police chief. Nothing about why this event happened. Why was the officer engaged in ANY sort of contact with the suspect? What started this? Was the suspect armed? If so, with what?

Immediately after that sound bite from the police chief, we get a "man on the street" interview with some extremely brainwashed person who understands nothing about the world. The reporter **tells us** that this man said "the officer had NO choice".

He says "if the cops tell you to do something, **you're SUPPOSED TO FOLLOW ORDERS**".

He then said "**if you want to remain LAW abiding, you follow the rules**".

WOW!

Do you think that you are being brainwashed by this guy?

Do you think that you are being brainwashed by the TV "News"?

This TV "news" segment is filled with constant brainwashing. Brainwashing the viewing audience is **THE REAL purpose** of the TV "News".

So here we are. We KNOW nothing REAL about this event after watching a "news" report by a major TV "News" station in America's 2nd largest city. Isn't that amazing?

Fortunately, I found another video of this event. The commentary by "Donut Operator" is worthless, but we can clearly see what the suspect was doing before the officer shot him.

Did you see or hear anything that justified the officer shooting the suspect?

I saw NOTHING to justify the officer even pulling his gun. I don't expect ANY officer to lose ANY fight on the street, but I do expect EVERY officer to use the LEAST amount of force NECESSARY to win that fight. Police officers have several tools available to them before deadly force becomes the solution. MOST of the time, GOOD verbal skills by an officer allows for the peaceful outcomes that SERVES the community instead of offends and harms the community.

What did the suspect remove from the officer's gunbelt? It does appear that the item removed from the officer's gunbelt was a spare ammo magazine, which is not much of a threat to anyone unless the suspect had the SAME type of gun as the officer.

If the item was something that could have harmed the officer, why didn't the suspect use it to harm the officer when he first took it > **IF** < the suspect intended to harm the officer?

The suspect did not approach the officer after the officer retreated.

The suspect did not raise his arms in a threatening manner.

The officer SAID NOTHING to the suspect after he retreated.

Therefore, the suspect was NOT a threat to the officer **at the time** that the officer shot at him multiple times. Some shots appear to have missed the suspect. We don't know how many times the suspect was shot, BUT we do know that a **reasonable** officer would NOT have shot the suspect based on what we see in the videos.

The TV "News" intentionally CONCEALED the shooting from the viewers. That same TV station will air program after program after program of people being murdered or tortured or abused in some way for "our entertainment", night after night after night, BUT they won't show us what is really happening in the world. When we watch the LIARS, who claim to be "TV News reporters", we get complete garbage.

TV "News" = EDITED script = LIES.

Even after watching both videos, do we **know** that shooting really happened?

I did not ask the news media to show me this story. The news media chose to show us this story, while leaving out MOST of the important details. Why?

If this shooting in Huntington Beach is real, then the police officer murdered the suspect and the police chief is defending that murder. I have repeatedly said that the police chiefs and sheriffs are INTENTIONALLY hiring UNQUALIFIED people to be cops and then training
